

THE SALVATION ARMY

US ANTI-TRAFFICKING PROGRAMS

The Salvation Army is committed to serving survivors of trafficking and exploitation through our programs across the US. These programs range from outreach and emergency response, emergency housing, short and long term housing, transitional housing, intensive case management and drop-in center services. The Salvation Army has four Territories in the US and each Territory has an Anti-Trafficking Coordinator. We have listed each program under their respective Territory and listed the best point of contact. If you have any questions or need assistance connecting with a program, we encourage you to contact the Anti-Trafficking Coordinator in your Territory.
